## Tennis Tip For The Summer

The summer season is almost here, and that means heat and humidity. Here are a few suggestions on how to deal with summer tennis:

1. Apply sun block before playing of at least SPF 50.
2. Drink plenty of water.
3. Keep a towel handy if grips, arms and foreheads get sweaty.
4. Keep your eyes safe by wearing a hat, visor and sunglasses.
5. Keep a cold towel handy for your neck to avoid raising your core body temperature, especially when playing singles.

Enjoy the summer!

## TOCC Junior Tennis Academy News

The TOCC Tennis Academy directed by Karem Graeber is having a great success. The Academy is divided into 4 to 5 groups with a total of around 40 players.

"The players are developing their tennis game through activities like cooperative drills and playing points. Thanks to the conditioning, the tennis academy students are also improving their athletic and coordination skills. It is very rewarding for me as a teacher to see the kids getting better and learning how to make decisions on the court with great confidence," says coach Karem.

A couple of spots are available for this summer, so if you are interested please contact Karem.

## USPTA Rule Change

It is now a codable offense to spit on the court. As we all know, saliva is just as dangerous as blood as far as transmission of viruses. Balls roll through and then its on your hands. The rule says if warned before the match, codable immediately. If not, then warn on first offense and then code.

## Email Addresses

Persons who are not receiving email notices of TOCC events and want to receive these notices need to send their email addresses to Jamie Bullock, [tocbookkeeper@cablone.net](mailto:tocbookkeeper@cablone.net). Indicate if you want her to include your email address in the membership listing on our TOCC website.
